

Project Name

Hebei Huanghua 500MW Fishery Solar Power Plant

Location

China

Installed Capacity

500MW

Racking System Type

Fixed Tilt Ground Mounting

COD / Status

2023

Features

1. Reinforced concrete foundation up to 13 meters in seabed
2. Improve renewable energy production
3. Fishery for economic return

Project Name

Gansu Jishishan 58MW Solar Power Plant

Location

China

Installed Capacity

58MW

Racking System Type

Fixed Tilt Ground Mounting

COD / Status

2022

Features

1. Structure Optimization Saves 1,500,000.00USD
2. 20% Structural Force Enhancement
3. Slope Area

Project Name

Fukui 6MW Solar Power Plant

Location

Fukui, Japan

Installed Capacity

6MW

Racking System Type

Fixed Tilt Ground Mounting

COD / Status

2021

Features

1. Salt damage area
2. Zn-Al-Mg coated steel

Project Name

Beppu 36MW Solar Power Plant

Location

Beppu, Japan

Installed Capacity

36MW

Racking System Type

Fixed Tilt Ground Mounting

COD / Status

2020

Features

1. Slope Area
2. Adaptive and Flexible Structure

Project Name

9.8 MW Agrivoltaic for Growing Sakaki Trees
Many Other Agri Solar Projects for Tea Trees

Location

Japan

Racking System Type

Agrivoltaic Mounting

COD / Status

Since 2013

Features

1. Water savings
2. Improve renewable energy production
3. Allow large machinery work underneath
